Bring Your Purpose. Find Your Path.

www.regiscollege.edu
For over eight decades, Regis College has prided itself on reading the sign of the times and responding to the educational needs of different populations of students by the thousands. Today, the growth of knowledge and the demands of living in the twenty-first century require that we break out of the traditional modes of educating students, especially as the rising generations and the professions have become increasingly interdisciplinary and electronic. As such, Regis College is committed to providing undergraduate liberal arts programs that lead students to opportunities for success in the workplace.

We refer to it as Regis’ Pathways of Achievement, which integrates sets of disciplines to help our students identify, set, pursue and attain their ultimate goals. On the foundation of our core curriculum, requirements for majors/minors and superb advising, the Pathways assist students in finding their way—to careers, to graduate school and beyond.

Come and see for yourself. This lovely campus will give you a taste of your own capacity for excellence as a way of life, and where a myriad of possibilities await you.

Mary Jane England ’59, MD
President

Mission Statement

Regis College, through education in the arts, sciences, and professions, empowers women and men to challenge themselves academically, to serve and to lead. A Catholic college, Regis College is a diverse and welcoming community guided by the values of the Sisters of St. Joseph of Boston.
Career-focused education

Within the backdrop of a strong liberal arts foundation, your Regis College education will be career-focused. From the day you step onto campus, you will be encouraged to participate in career workshops and work closely with faculty advisors and counselors alike to plan and pursue a path of study that is tailored to your interests and professional goals.

Experience the difference

At Regis College, our students learn by doing. While many schools offer experiential learning, Regis infuses its curriculum with it, through an array of internships, service projects, applied research and study-abroad opportunities that extend learning well beyond the classroom walls and places students into the real world.

Talented faculty who care

Regis College faculty are exceptionally accomplished; 75 percent hold doctoral degrees in their fields. They are actively engaged in their disciplines, conduct research, publish books and articles, and are recognized as leaders in their fields of expertise. Moreover, as educators, they take enormous pride in recognizing the profound responsibility they have to provide our students with a solid foundation for living, learning and leading successfully.

Nationally-recognized programs

Regis College is ranked by The Princeton Review as being one of the top Northeast colleges in the United States that “stands out as an academically excellent institution of higher learning.”

In addition, Regis appears in the most recent guidebook edition of Colleges of Distinction, where it was lauded as being among a set of “hidden gem” schools in higher education that excel at the four pillars of a strong and active undergraduate experience—engaging students, providing outstanding teaching, offering vibrant communities and producing successful outcomes.

Regis College’s School of Nursing, Science, and Health Professions is also the only school in New England to be recognized as a Center of Excellence in Nursing Education by the National League for Nursing.

Investing for you

Regis College is home to a new $8.5 million outdoor athletic complex. For use by our varsity athletic teams and student intramural programs, the state-of-the-art site is regarded to be one of the premier all sport, outdoor playing facilities in all of New England small college athletics. It features a synthetic turf field for field hockey, soccer and lacrosse, an eight-lane track and field events area, six tennis courts and a softball field facility.

Regis College firmly believes in investing in the potential of our students. Last year, over 90 percent of our incoming freshman class received a merit scholarship or need-based funding from us, and we allocated over $12 million in institutional aid to our overall student body.

More importantly, these awards helped to reduce the average student’s cost of attendance by over 35 percent! In addition, many of our families apply for—and receive—federal and state aid that is separate from these Regis awards and can further be applied to tuition, room and board expenses.
Areas of Study

Student/Faculty Ratio of 13:1

The Regis College Pathways of Achievement are focused in our two schools, the School of Liberal Arts, Education and Social Sciences and the School of Nursing, Sciences and Health Professions. Certain academic majors, cluster within each Pathway, providing you with a multitude of options—and career opportunities—to choose from.

What’s more, you’ll find it all within the context of a highly personalized, small college environment where the interaction between faculty and students is at the core of the classroom experience.

Undergraduate Pathways

Liberal Arts and Education
- BA in English
- BA in History with concentrations in:
  - Heritage Studies
  - Museum Studies
- BA in Liberal Studies
- BA in Mathematics Education
- BA in Spanish
- Education with Teacher Licensure in:
  - Elementary Education
  - Secondary Education
  - Early Childhood Education (Certificate)
- American Studies—minor
- Art History—minor
- Dance—minor
- Educational Theatre—minor
- Information Technology—minor
- Latin American Studies—minor
- Music—minor
- Religious Studies—minor
- Theatre—minor
- Women’s Studies—minor
- Writing—minor

Nursing
- BSN in Nursing

Business and Social Science
- BA in Business Management and Leadership
- BA in Communication, with concentrations in:
  - Cinema Studies
  - Graphic Design
  - Journalism and Media
  - Organizational & Interpersonal Communication
  - Public Relations
- BA in Law and Government

- BA in Political Science
- BA in Sociology
- Pre-Law
- American Politics—minor
- Comparative Politics—minor
- Economics—minor
- Film—minor

Health and Human Service
- BS in Health and Fitness Studies, with concentrations in:
  - Nutrition
  - Sports Management
  - Exercise Science
- BSW in Social Work
- Public Health—minor

Science
- BA in Biology, with concentration in:
  - Environmental Biology
- BA in Biochemistry
- BA in Psychology
- Pre-Dental
- Pre-Medical
- Pre-Veterinary
- Chemistry—minor

Center of Excellence in Nursing Education
Our rigorous curriculum is designed to reflect the realities of today’s world as we challenge our students to examine theories, explore concepts and pursue practical applications from a global perspective.

A focus on experiential learning—
become active in your major

Experiential learning is part of every student’s program at Regis – in every major. From internships, service learning projects, undergraduate research and performance, clinical placements, summer programs and more, students choose from a variety of active learning styles in their field of study. Regis’ relationship with companies and organizations in and around Boston provides wide opportunities, and the College’s Experiential Learning and Career Services Center offers strong student support.

The Regis College Signature Portfolio—
a tangible end product

At the heart of the core curriculum is the Regis College Signature Portfolio. The Signature Portfolio provides undergraduate students with the unique opportunity to synthesize and integrate the values, tradition and knowledge acquired through a Regis education via an ongoing series of “signature assignments” that document their intellectual and professional growth over four years of study.

Through the Signature Portfolio, Regis College students graduate with much more than just a diploma. Working closely with our career development counselors, they leave with a professional resume—and with a portfolio of work and invaluable experiences gained at Regis—that demonstrates their readiness for employment and/or further education at the graduate or professional level.

Regis College also offers you the opportunity to study nationally and internationally to create an educational experience that is broad, deep and as individual as you are.

Study Abroad
Regis College is affiliated with Regent’s College in London, England; the University of Cork in Cork, Ireland; and Kyoto Notre Dame University in Kyoto, Japan.

Student Exchange Programs
Regis is part of the Sisters of St. Joseph Consortium, where students can attend member colleges located across the United States.

Washington Semester
You can spend a year studying at American University, while interning in the Washington D.C. area.

Cross Registration
In addition to your coursework at Regis, you may also cross-register for classes at Babson College, Bentley University or Boston College.
Get Involved, Stay Involved

Whether you decide to live in one of our four residence halls on campus or choose to commute from home, from Day One you are considered part of a strong and close-knit student community where your involvement and participation are welcomed and contribute to the vitality of college life at Regis.

A culture of spirituality and community service

Built on a rich Catholic heritage, Regis College is dedicated to the spiritual development of all its community members. The College attracts students who believe in the importance of giving to others. Community service is an integral part of campus life that you are encouraged to explore.

Recent community service opportunities included an Alternative Spring Break Trip to Villa El Salvador, Peru, helping out with a Habitat for Humanity building project; participating in Making Strides Against Breast Cancer Walks; and working with children at Bethany Hill School and Casserly House.

Join a club or organization

With more than 30 clubs and organizations to choose from, Regis College offers many opportunities to help you start your career, build lifelong friendships, and gratify personal pursuits. From musical and comedic performances to thought-provoking cultural discussions to multicultural celebrations to evenings at the campus coffee house—there's always something happening.

- Tower Activities Board (TAB)
- Tower Society
At Regis we believe in the importance of strengthening bodies as well as minds. That’s why we encourage students to become athletes and participate in our wide range of athletic, fitness and recreational opportunities.

Regis students are consistently honored on the All-Conference and All-Region teams for their athletic achievements. They also get the support they need to succeed academically. Regis has been recognized with the USA Today NCAA Academic Achievement Award for highest graduation rate in the nation in Division III.

If you have any questions about Regis athletics, contact Marybeth Lamb, Director of Athletics, at 781.768.7147 or marybeth.lamb@regiscollege.edu.

Dance
Golf
Individual Fitness Pilates
Self-Defense
Strength Training
Swim for Fitness
Tennis
Yoga
As an applicant for admission, you’ll be expected to complete a college preparatory program at an accredited secondary school. Preparation for entrance should include:

- 4 years of English
- 3/4* years of mathematics (including Algebra I, Geometry, and Algebra II)
- 2/4* years of science (including at least one with a lab)
- 2 years of social science
- 2 years of the same foreign language
- 3 or 4 electives

*Requirements for students interested in nursing.

Undergraduate students are considered for admission in September (Fall) and January (Spring). All undergraduate candidates will be evaluated through rolling admission process and reviewed on individual basis.

**Deadlines for Fall consideration:**
- Early Action: December 1st
- Regular Decision: February 15th

**Deadline for Spring consideration:**
- December 1st

### Application Requirements

- Application for admission with a $50 non-refundable application fee payable to Regis College. To apply, visit our website at: www.regiscollege.edu/apply
- Common Application Supplement, if applicable, available at: www.regiscollege.edu/apply
- Essay
- Official transcript of high school records, including first-quarter senior year grades sent directly to Regis College by a secondary school counselor
- Two letters of recommendation—one from a secondary school counselor and one from a teacher
- Official SAT or ACT results. TOEFL scores may be requested if the student’s native language is not English.

The College Board code number for Regis College is 3723.

**OFFICE OF ADMISSION**

Telephone: 866.438.7344
E-mail: admission@regiscollege.edu

---

“Our faculty go the extra distance. We know our students and are happy to work with our students.”

—Dr. Sara Weintraub, Associate Professor of Communication

“arson to go to a school where people know you by your name and not just a number, then consider Regis College. I remember hearing this as a prospective student and not believing it at first, but I do now! Even professors that I haven’t had, say hello to me in the hallways. It’s a really nice feeling to know that you’re surrounded by people you know and who know you.”

—Allyson Silva ‘11
Regis College students can qualify for various types of financial assistance in the form of scholarships, state and federal grants, loans and work study.

- Financial aid is awarded in two ways: academic merit (based on academic performance in high school) and financial need.
- In order to determine your financial need, you must formally apply for financial aid.
- Regis works with each student individually to help them finance their education through the Direct Loan Program.
- All student loans, subsidized and unsubsidized, are processed directly by Regis College through the government.
- This allows for fewer forms to fill out, a lower interest rate, and the ability to consolidate loans after graduation.
- Applying for financial aid is the next step after applying for admission. Just complete the two applications listed below and leave the rest up to us.
- A Federal Application for Federal Student Aid (FAFSA): Go to: http://www.fafsa.ed.gov/
- A Regis College New Student Application for Financial Aid: go to: www.regiscollege.edu/finaidapp

For scholarship consideration, apply by February 15.

Once you have completed these two applications and received your acceptance letter from the Office of Admission, the Office of Financial Aid will develop a financial aid package for you.

OFFICE OF FINANCIAL AID
Telephone: 781.768.7180
E-mail: finaid@regiscollege.edu
From the moment you turn into the long, tree-lined driveway, you sense that Regis College is a special place where you can experience the best of both worlds—the tradition of a small college environment with close access to big city life. Our beautiful, 132-acre campus is located in Weston, Massachusetts, one of the state’s most attractive and safest suburbs, yet it’s only 12 miles from the center of Boston, one of the great social, cultural and sporting cities in America.

Look Into the Future

When it comes to making important decisions about our lives, we all wish we could catch a glimpse into the future. A campus visit is pretty close to seeing the future! Come see what life as a Regis student would be like.

Campus Tours

Student-led tours are scheduled Monday through Friday, three times a day (at 11am, 1pm and 3pm) throughout the year and allow small groups to explore Regis’ scenic campus in a very personal and informative manner.

Interviews

While interviews are not required, they are encouraged for students wishing to develop a better understanding of Regis and to discuss their goals and objectives with an admission counselor.

Information Sessions

Held on both selected weekday and weekend dates throughout the year, our information sessions include a general overview of the College, guided campus tour, optional interview (by appointment only) and lunch on us!

To schedule your campus visit, please call 1.866.GET.REGIS (1.866.438.7344), email us at admission@regiscollege.edu or complete and mail back the attached reply card.

Accommodations

There are many convenient lodging options for overnight stays in the area of Regis College. Visit our web site for some suggestions: www.regiscollege.edu/accommodations.
Visiting Regis College

Directions From All Points

Traveling from the NORTH
Heading South on Route 95/128, take Exit 26 towards Route 20 West (Weston/Waltham). Stay right onto Route 20 West towards Weston. Continue approximately two miles, turn left onto Wellesley Street. Regis College is on the right.

Traveling from the SOUTH
Heading North on Route 95/128, take Exit 24 to Route 30 West (Wayland). Continue approximately three miles and turn right onto Wellesley Street. Regis College is on the left.

Traveling from the EAST
Heading West on the Massachusetts Turnpike (I-90), take Exit 15 towards Route 30 (Waltham/Weston). Take left exit towards Route 30 West, slight right onto Park Road, left on to South Ave/Route 30. Continue approximately two miles, turn right onto Wellesley Street. Regis College is on the left.

Traveling from the WEST
Heading East on the Massachusetts Turnpike (I-90), take Exit 13 to Route 30 East (Natick/Wellesley). Follow the ramp on to Route 30 East. Continue approximately five miles, turn left onto Wellesley Street. Regis College is on the left.

Traveling EAST/WEST in the Metrowest area
From Route 9 (East/West) in Wellesley, exit on to Weston Road, which becomes Wellesley Street at the Weston/Wellesley town line. Stay straight on Wellesley Street going through lights at Route 30. Regis College is on the left.

From the Green Line (MBTA)
Take the D line trolley to the last outbound terminal stop, “Riverside,” where a Regis College shuttle, provided by JFK Transportation, will provide free transportation to the Regis campus.
