Regis College has several wireless networks each geared toward specific uses.

**RegisSecure** is the network for student activities such as checking email and browsing the web. It allows features such as shared resources or connecting to classroom projectors. Use your Regis College username and password.

**RegisGuest** is available for users that do not have a Regis College username and password. The password for this network is “regiscollege” (all lowercase). This network has limited access and is primarily for browsing the web.

**RegisDevices** is for game consoles such as wii, xbox and playstation. The password for this network is “RegisDevices”. This network is only for these types of devices and will not work for computers, smartphones and tablets.

**RegisConference** is reserved for specific access required by certain special events. This network is only for special events.

- **Passwords are ALWAYS case-sensitive.** They must be typed exactly as provided.
- **Forget your password?** You may call the helpdesk at 781-768-7177 or visit us in College Hall 131 during business hours. Please bring your Regis ID card with you if you are requesting a copy of your account letter.
